Look Out For Sharks

In this issue you will find an important message from the Exchange Bank, one similar to many that are appearing in newspapers all over the state. In a few days several million of War Savings Stamps and Liberty Bonds will be redeemed by the government. There are hundreds of wild-cat schemes ready to launch, and some already launched to capture this money. Most of these companies are fakes. Some will not go before the public and sell stocks in the open market but will use a smooth-tongued salesman to lure your money. Greenbacks now have a very large number of investors that have over a half million tied up in worthless stocks and securities. This money has not only been taken out of the usual channels of trade but has been completely lost to the investor. Warning after warning has been given in years past but the lure of a high investment rate has been more than most people could stand. Never buy stocks and bonds until you have consulted your banker to see if he would be willing to purchase them. In case you wanted to sell or wanted a loan and use them for security. If the public could only be told of the condition today, financially of some who in the past purchased this kind of investment, there would be more caution. Do not be misled by the statement of a salesman that the bankers are only jealous and "knock" such investments only to get your money. A good banker welcomes good investments. It means more interest money coming into the community, and knowing also that the original investment will not only grow in value but be returned at some future date. Consult your banker before you invest your War Savings Stamps or Liberty Bonds.

NEW ADAGE—Since this is an "ad age" let us add you should consider the "ad" that bids you see "Twin Beds."

IF THE CHICKENS GET TIPS; LOOK OUT

Jay Stormont and Dave Johnson are feeding their chickens some mash that never was used for what it was intended. But they are not responsible for the little grains of corn being converted into a stage where they would produce "white mules." Both of these men are R. F. D. drivers and could not afford to risk their jobs working at a side line like making "mules." It is a fact however that both have "mash" on hand, not for personal use but for the chickens. Several days ago eight sacks of the "mash" was found along the pike some distance from town and it remained there quite a while. Where it came from no one knows. These men concluded that they might as well feed it to the chickens and they laid in a supply.

YOU WILL LAUGH; YOUR SIDES WILL HURT; SEE "TWIN BEDS"

"Twin Beds" is the scorching version of the stage success of the same name by Margaret Mayo and Salisbury Field. The play, a bedroom farce comedy, was extremely popular and enjoyed a long run with two companies. Mr. and Mrs. Carter DeHaven are the stars in the piece. There is an abundance of fun, clean and wholesome comedy in the farce which comes to the Murdock theatre, Thursday, Jan. 4th.

...FOR TAXI SERVICE CALL NO. 2

MAY TAKE OFF TWO LOCAL TRAINS; ONE EACH WAY

There is a report going the rounds with railroad men that we are to have a radical change in our train service on and after January 1st. The report is that the morning accommodation train west and the evening accommodation east are to be taken off. It is said that neither of these trains make expenses, yet they are highly important for decent service. We have not been able to verify the report but railroad men claim that such a change is to be made. It is known that the railroad company has been making a survey of the situation, especially in Xenia. It is said that the bus lines between Xenia and Dayton had more people than the traction and railroad companies. The buses and the automobile service, which hampers the earning capacity of the local trains.

THE AUTO LICENSE TAGS

The time of the year is at hand for new tags for the automobile. The recent fire at the penitentiary where the tags are made destroyed several thousand of them and the department will be late in supplying tags to all.

Let us remind you that when you fill out the application blank that you also fill in the taxing district in which you reside. Every one should remember to fill in Cedarville or the money will not be returned here for our street repairs. The state gets half of the funds and the towns half. Keep this in mind. Once again every auto owner will be compelled to dig down for ten cents extra grat for ditching out the tags. The department still refuses to permit banks to handle tags as an accommodation to their patrons. A number of garages would welcome the opportunity to render a service to the automobile trade, but the politicians have to be sated for. The money paid for license fees last December has not yet all been paid over to the villages.

WHAT ABOUT ANOTHER TRIAL?

Should Prosecutor Kenneth Williams proceed with another trial for Sheriff Funderburg and William Burns, following the disagreement of a jury a week ago?

This question with others in connection with this case is no doubt a puzzle for the Prosecutor. While many people think the indictments should be dropped, others think the case should be tried again.

There is no question but that public sentiment has changed greatly in the past few weeks, and particularly since the disagreement of the jury last week. The cost of such trials is no small item to the tax payers. It is said that the judicial fund, from which these cases are tried is now nearly \$3,000, and drawn and the attorneys have not been paid.

With all taxing districts wanting more funds, schools running behind and one township facing the closing of schools next year because of a shortage in funds, there should be some careful consideration given before the Prosecutor decides to continue these cases and thus enlarge on the present heavy cost of the past trials.

In the judgment of a good many citizens, and these representing all classes, there are few, very few, that can even see a ray of hope of ever getting a conviction. The fact that the past jury is reported to stand or acquit by a majority of the jurors at all times, makes it certain that it will be harder to change public sentiment if a second trial is undertaken.

We are not undertaking to discuss the merits of the case from either side. Our purpose is only to convey sentiment as we find it. The recent killing of a Xenia policeman is but proof of the danger that an officer must face. This man was shot down without warning. No doubt it was done by one who had at some time felt the heavy hand of the law or feared the officer who was known to duty to protect society.

The Jamestown Journal has the following to say concerning the recent Funderburg case:

"There was much feeling and not a little prejudice shown against the Sheriff, and but scant attention was given the psychology of the case, which means much in determining the course an officer under some circumstances."

But it proves this, that the Sheriff's office is a difficult one to fill where friends of a victim are numerous in the vicinity of a tragic occurrence.

So many parents insist that "Boys will be boys" and the same may be said of girls, and if a sheriff be concerned and not careful, he'll be damned if he don't catch hares if he does."

INDIANAPOLIS, U.S.A.

poem by UNCLE JOHN

Though she's fickle and contrary, there's a charm in Janoary, to the feller that's accustomed to her caprice. . . . With her north wind skallyhooting and her temperature pirootin' in among a feller's sensory nerves! And, when she fights a duel with the little jag-o-fuel, that's waitin' out-o'-doors to keep ye warm,—O, it takes a cheerful giver, and an optimistic liver, to demonstrate old Janoary's charm. . . .

JANUARY
But—when the neighbors gather in defiance of the weather—to taste the joys of settin' by the fire, there's an institute of learnin' where the home-fires is a-burnin'—where patriotism is parent of desire! Then we find in Janoary, not a bandit gaunt an' bleary, but a bosom friend beneath the wintry vest. . . . Where we find congenial labor, swap-pin' ideas with our neighbor, and adoptin' the conclusion which is best. . . .

While her breath is mighty searchin' where the naked trees is lurchin' and there aint no hint of mercy in her grip,—yet the maple-sap flows sweeter, and the spring shall dawn completer, at the final crack of Janoary's whip. . . . Then, rally all ye merry, to the call of Janoary, —Awake, an' taste the real joys of life.—No season more enchantin' with fiddlin' an' dancin' —Brace up, an' get acquainted with yer wife!

Richard Lloyd Jones tells

The Foreign Press How Best To Serve

New York is a crowded town. Her subways and elevated railroads in the jam hours of the day are literally packed sardine-tight with human freight.

But with all this congestion of millions of people upon a little island, it is the easiest town in the world to locate your whereabouts without the aid of a compass or a guide. It is eleven blocks wide and her cross streets are numbered. New York is just a great checker board. If you can talk the American tongue, any policeman will help you find yourself if you are lost.

The other day a pathetic story went the rounds of the press of a Mr. and Mrs. Joseph Gallo, of Fairfax, S. D., who had lived 18 years in mid-America and were returning to the mid-Europe whence they came. On their way to the dock to board the boat which was to start them back to Czechoslovakia they became separated when a door of a subway train closed between them.

Eighteen years in South Dakota and this un-Americanized woman was without enough language to find her way back to the dock. Under the strain of fear and helplessness, she died in the Bellevue Hospital.

For 18 years these strangers had lived in our land with no love or thought of America except as a good thing to be used by them that they could return to their foreign home with the gain they got here.

We think of America as the great, well educated country. We have the best school system in all the world, yet we stand ninth among the nations of the world in literacy.

There are five millions of illiterates in the United States over ten years of age. The war intelligence tests disclosed the startling fact that 20% of our population cannot use the English language so as to understand the written word or to express themselves. 68% of the illiterates in our cities are foreign born. The foreign press keeps the foreigner foreign.

The foreign language press in this country has defended itself on the ground that only by talking a foreign language could we teach the foreigner American ideas and ideals. It has defended itself on the ground that it was the melting pot that educated the foreigner into the American. But the records prove conclusively that it has not taught American ideas or American ideals and it has not made these ideals safe in the hands of men and women who think only in a foreign tongue; who live 18 years in the heart of our country for no end but to seek its wealth that they may go back to a foreign home to spend that wealth.

The foreign language press is the most un-American institution tolerated by the most generous and the most tolerant of people.

If their professions be true, the best patriotic service that any foreign language newspaper can render to the United States is to go out of business.

DEMOCRATIC CHURCH

You are frequently presented with the statement that the church is composed of classes. There was never a greater falsehood uttered. The most democratic institution on earth is the church.

The Bible says that we are all included under sin. There isn't any man who is not classified as a sinner.

Some may lie about it and say they are not sinners and some may lie about it and say there is no such thing as sin. But both of these statements are infallible proofs of the existence of sin and of the fact that we are all included under sin. That is democratic.

Those who are saved are saved by Christ; therefore all Christians, regardless of their name, are sinners saved by grace and all Christians are under grace. That is democratic.

There is only one qualification for joining the church; namely, belief in Christ.

The rich and the poor, the high and the low, the learned and the ignorant, the wise and the foolish, the good and the bad, the young and the old, the pretty and the ugly, are all members of the church.

Christ is the Savior of all. And we meet in the common place to worship Jesus Christ. There is a common worship, and common prayer.

The man in overalls, the man in broad cloth, the woman in satin and the scrub woman in her apron, can sit down in the same pew, sing the same hymn, repeat the same prayer and worship the same Christ who died to save all.

The most democratic institution on earth is the Church of Jesus Christ.

TO THE PEOPLE OF GREENE COUNTY INVESTIGATE Before You INVEST

Many War Savings Stamps and Government Bonds are now maturing and Greene County People hold many thousand of dollars worth of these securities.

In view of the fact that much money is available to holders of these securities at an early date, promoters of "Fake" securities and alleged "Wild-Cat" schemes are making a drive through the rural districts of Ohio representing their offerings to pay high rates of interest. Their propositions sound exceedingly attractive but will not bear investigation.

"Warning has been sent out by the Ohio Bankers Association that hords of smooth-tongued stock salesmen will repeat their usual invasion into the farming sections where the government redeems nearly \$80,000,000 in Victory Bonds and War Savings Stamps in December and January."

"New companies that will bear close scrutiny of principles, will spring up with 'mushroom' magic all over Ohio in the next half year. It is anticipated, however, that the vast majority of high-interest stocks that are conceived by the cunning of professional 'wildcaters' will be disposed of in the suburban small community centers.

WE URGE THAT YOU CONSULT YOUR LOCAL BANKER BEFORE MAKING ANY INVESTMENTS OFFERED BY INCOMING STOCK SALESMEN WHO ARE OFFERING PROPOSITIONS WHICH SOUNDS UNUSUALLY ATTRACTIVE. YOUR BANKER AT HOME—WHOM YOU KNOW—OFFERS FREE CONSULTATION AND ADVICE—BETTER BE SAFE THAN BE SORRY.
